September 14, 2009

**STATEMENT UNDER 37 C.F.R. § 1.133(b)**

Sir:

In response to the telephonic interview conducted on August 7, 2009 and the Interview Summary dated August 14, 2009, the following remarks are respectfully submitted in connection with the above-identified application.

**Interview Summary**

Applicants appreciate the Examiner's time and consideration given at the interview of August 14, 2009. During the interview, claim 1 and Hirayama et al. were discussed. The Examiner agreed that amendment adding the language "and the angle changes automatically

from the current angle to the requested angle” to the end of claim 1 would appear to overcome the current rejections under 35 U.S.C. §103(a). However, no agreement was reached nor did Applicant request that any amendments be entered at the conclusion of the interview.

**CONCLUSION**

Should there be any outstanding matters that need to be resolved in the present application; the Examiner is respectfully requested to contact the undersigned at the telephone number of the undersigned below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,

HARNESS, DICKY, & PIERCE, P.L.C.
